Sponsors

Sponsors are the foundation of our build, the source that helps our team foster innovation and allow ourselves to provide the opportunities to the youth that we wish to provide. We are extremely grateful to our generous sponsors making a real impact towards expanding access to STEM education for these children!

Special shoutout to our power level sponsor!

The National Aeronautics and Space Administration (NASA) has generously chosen to be a power level sponsor of 11179! We are very grateful to NASA.
